

Beresford School District Action Plan 2011-2012

Mission: Together, we Aspire, Act, and Achieve.

Vision: Customizing instruction to empower students to achieve

The philosophy of the Beresford School District is to provide a positive environment in which all children can and will succeed. Our children are the reason for our school's existence, and worthy of our best efforts.

Therefore, we believe...

- Beliefs:
1. It is essential to provide all students academic, physical, and social/emotional assistance and support.
 2. It is essential to provide a safe environment for all stakeholders.
 3. It is essential that our families and community are important educational resources in character development of our youth through positive role modeling.

4. It is essential to promote lifelong learning for all.

5. It is essential to provide educational opportunities and experiences for students to develop toward responsible citizenship, including roles of leadership and group participation.

Goals:

1. The Beresford School District will demonstrate improvement in student achievement in all content areas through the use of multiple assessment measures.

2. The Beresford School District will provide staff development opportunities that improve classroom instruction and increase learning opportunities for students.

3. The Beresford School District will identify and establish targets to obtain a positive climate and safe environment in the schools.

4. The Beresford School District will manage the budget to function within available resources and have long-term financial security for the district.
