

-- Mission Statement --

*Dedicated to enhancing the learning process  
that starts now and lasts a lifetime.*

-- Philosophy --

The philosophy of the Beresford School District is to provide a positive environment in which all children can succeed. Our children are the reason for our school's existence, and worthy of our best efforts.

Therefore, we believe...

1. It is essential to provide all students academic, physical, and social assistance and support.
2. It is essential to encourage all students to participate in school and community activities in a safe environment.
3. It is essential that our community and its families be important educational resources. Together we will be a strong force in character development of our youth through positive role modeling.
4. It is essential to promote lifelong learning for all employees and school board members.
5. It is essential to provide educational opportunities and experiences for students to develop toward responsible citizenship, including roles of leadership and group participation.
6. It is essential to provide a learning environment for students to acquire knowledge and skills to enhance their own physical and mental health, enabling them to accept in themselves and others the importance of feelings, dignity, and self-worth.
