Watchdog Nation,

Welcome to the party! We are committed to providing learners with opportunities for success and personal growth. Not only does success encompass classroom experiences, but also success pertains to extracurricular activities and events. The Watchdog experience truly extends beyond the classroom and throughout the field, court, and any other performance venue. Academic and extracurricular excellence happens when learners regularly practice their skills. We must live in the moment while preparing learners for life after graduation. We are committed to providing learners with a responsive, rich, safe, and relevant learning environment.

The Beresford Middle/High School believes learners, parents, school staff, and community members have a shared responsibility to foster growth in the areas of academics, citizenship, and character. Schools are an extension of the community and visitors/volunteers are welcomed and appreciated. You are always welcome to contact us for information about our school (high school office phone: 1-605-763-2145, middle school office phone: 1-605-763-2139 and/or email: Dustin.Degen@k12.sd.us).

We look forward to a rewarding, productive, and action-packed school year. More importantly, we are looking forward to working for our learners, staff, and the Beresford community to ensure that each child succeeds and is ready for his or her next step. Please do not hesitate to contact us whenever you have a question, comment, and/or concern.

Enjoy the school year and make the most of your Watchdog experience!

Respectfully,

Dustin Degen
6-12 Principal
